Supertank All-in-One

Business

The wireless EcoTank Pro all-in-one with Cartridge-Free Printing.

You can save up to 80 percent with low-cost replacement ink bottles vs. standard-capacity color laser toner cartridges² — very low cost per page with about 2 cents per color ISO page vs. 14 cents with cartridges²

Fast and convenient — powered by PrecisionCore® Heat-Free Technology; print speeds up to 25 ISO ppm black and color†; no warmup time for fast first page out; PCL/PostScript support¹

Print-shop quality — Epson® DURABrite® Inks are pigment-based for crisp, vibrant prints in black-and-white and color that are instant-dry; borderless prints up to 8.5" x 14"

Less waste — zero-cartridge waste with high-yield ink bottles; very low energy consumption³

Set of replacement bottles includes enough ink to print up to 7,500 pages black/6,000 color⁴ — for fewer out-of-ink frustrations; you could save up to \$1,000 with each one²

500-sheet paper capacity — two front trays plus a rear feed for specialty paper

High productivity — auto 2-sided print/copy/scan/fax; 4.3" color touchscreen; hands-free voice-activated printing⁵; reliable performance for an extreme workload duty cycle

Ultimate wireless solution, plus Ethernet — easy iPad®, iPhone®, Android™ tablet and smartphone printing⁶; includes Wi-Fi Direct®⁷ for network-free printing

Exclusive EcoFit™ ink bottle design — uniquely keyed for easy filling of each color

Product protection you can count on — 2-year limited warranty with registration⁸, plus key security features; WPA2 for both wireless and Wi-Fi Direct⁷, user-initiated data erase and network protocol disablement

Replacement pigment ink bottles

† Black and color print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on factors including system configuration, software, and page complexity. For more information, visit www.epson.com/printspeed | †† Black and color copy speeds are determined in accordance with ISO/IEC 29183. Actual copy times will vary based on factors including system configuration and page complexity. For more information, visit www.epson.com/copyspeed | 1 Not all media types are supported for PCL printing. | 2 Actual savings and costs will vary considerably based on print tasks, print volumes and usage conditions. Savings and cost per ISO page are based on the cost of replacement ink bottles and the cost of enough standard-capacity color laser toner cartridges to achieve the total page yields of the ink bottles using the manufacturers' online prices and yields for the best-selling similarly featured color laser printers, available at retail, priced at \$999 or less (USD) with speeds of 40 ppm or less per industry-available data as of July 2019. Savings of up to \$600 (USD) and cost per ISO page of about \$0.09 (USD) for XL-capacity color laser toner cartridges based on the same methodology. | 3 Based on comparing manufacturers' reported TEC values of the best-selling, similarly featured color laser printers priced about \$999 (USD) or less with print speeds of 40 ppm or less as of July 2019. | 4 Part of the ink from the included bottles is used for initial setup; yields are lower than those of replacement ink bottles. Replacement and included ink bottle yields based on the ISO/IEC 24712 pattern with Epson's methodology. Actual ink yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors must be available for printing. For more information, visit www.epson.com/inkinfo | 5 Epson Connect account and voice-activated account registration required. See www.epson.com/voice for device compatibility. | 6 Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. For a list of Epson Connect enabled printers and compatible devices and apps, visit www.epson.com/connect | 7 Wi-Fi CERTIFIED™; level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software. | 8 12 months of standard limited warranty or 80,000 plain paper sheets (whichever happens first). For an additional 12-month extended service plan (total of 24 months or 80,000 plain paper sheets, whichever happens first), register your product and use Epson genuine ink bottles. See Limited Warranty for details. | 9 Requires an Internet connection, a free Epson Connect account and a destination email address or cloud storage account. For a list of supported cloud services, visit www.epson.com/connect | 10 Only printing and scanning are supported under Windows Server OS. | 11 Some applications and/or functions may not be supported under Mac OS X. | 12 Monthly duty cycle up to 66,000 pages max. is the highest duty a user could expect in a month, based on near-constant operation of a device of this kind. It is not recommended that the device be run at this duty. For best device performance, run the device at the recommended duty of 200 to 3,300 pages per month. | 13 Internet access is required to install OS X drivers and software. | 14 For convenient and reasonable recycling options, visit www.epson.com/recycle | 15 SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
