TOP FEATURES

Professional color for less than lasers

Create professional color prints and marketing materials for up to 50 percent lower cost per page compared with lasers.¹ Print more pages, avoid interruptions, and increase ink savings with high-capacity, individual ink cartridges that can be replaced only when one cartridge runs out.⁴

Make a long-lasting impression

Produce professional-quality color and exceptional fade- and water-resistant documents with HP Officejet pigment inks. Archived documents retain text and color quality for decades.^{5,6}

Print from virtually anywhere

Use your mobile device to print to a web-connected printer across the room—or across town with HP ePrint.² Now with Apple® AirPrint™, it's easy to print wirelessly from your iPad®, iPhone® or iPod touch®.⁷

Access documents and print them faster without using a PC

The product's touchscreen puts web content and copy, scan, and fax functions at your fingertips. Use the front-facing USB port or memory card slots to access saved documents or photos and print them quickly. Scan documents up to legal size directly to a PC, network folders or email.³ Save incoming faxes to network folders or to email.

Deploy a proven device management tool used worldwide

Remotely manage a variety of printing and imaging devices with HP Web Jetadmin. This solution lets you install, configure, monitor, and troubleshoot printing and imaging devices and supplies from anywhere on the network with a single tool. You can download the software free from www.hp.com/go/wja.

Manage devices remotely using your web browser

The included HP Embedded Web Server (EWS) provides a universal interface to the device to display status information, change settings, and manage the e-All-in-One from your computer. This HP EWS interface can be password-protected and is only available to users within the business or enterprise firewall.

HP Enterprise Support with HP Basic Features software

For enterprise and corporate customers, this software includes a print and TWAIN scan driver for local connections and a print and web scan driver for network connections. With its small, modular, and silent install, it is ideal for IT departments who support a large number of PC users and need pre-configuration and easy deployment.

Use less energy, reduce costs, and save resources

An environmental leader, this ENERGY STAR®-qualified e-All-in-One consumes up to 50 percent less energy and uses up to 70 percent fewer supplies than lasers.^{8,9} Plus, save paper with automatic two-sided printing, and easily recycle ink cartridges with HP Planet Partners.¹⁰

Get the most out of your printer with HP accessories, supplies, and services.
