

# ScanSnap for Invoice

A powerful, all-in-one digital on-ramp to invoice data capture

ScanSnap for Invoice streamlines time consuming bookkeeping tasks. The solution performs optical character recognition on invoices, extracts the important information, including line item details, and places them into corresponding QuickBooks® Online fields. This automation of data entry

saves time, money and reduces errors. Accelerate accounting workflows and make business processes more efficient with this affordable subscription service. And as a result of this simple solution, businesses can track, organize, and manage invoices easier and faster than ever before.
