Robust high-quality color

Rely on Lexmark C746 color laser printers for the high-quality color printing essential to business. Speed and reliability mean minimal waiting and few interruptions. You consistently and quickly receive vibrant documents.

- Match corporate colors on marketing collateral and brand-sensitive text and graphics with Lexmark Named Color Replacement and PANTONE® calibration.
- The high-speed processor and Gigabit Ethernet networking mean fast data transfer and fast processing, even on complex color documents.
- Print quickly at speeds up to 35 ppm and a time to first page as fast as 9 seconds in both black and color.
- Lexmark cartridges let you print up to 12,000 pages per cartridge in black and 7,000 pages per cartridge in color.¹

Productivity made easy

The combination of easy-to-use features and reliable performance means business processes are intuitive and you are productive. Increase efficiency with workflow-enhancing shortcuts designed to reduce unnecessary printing and simplify processes.

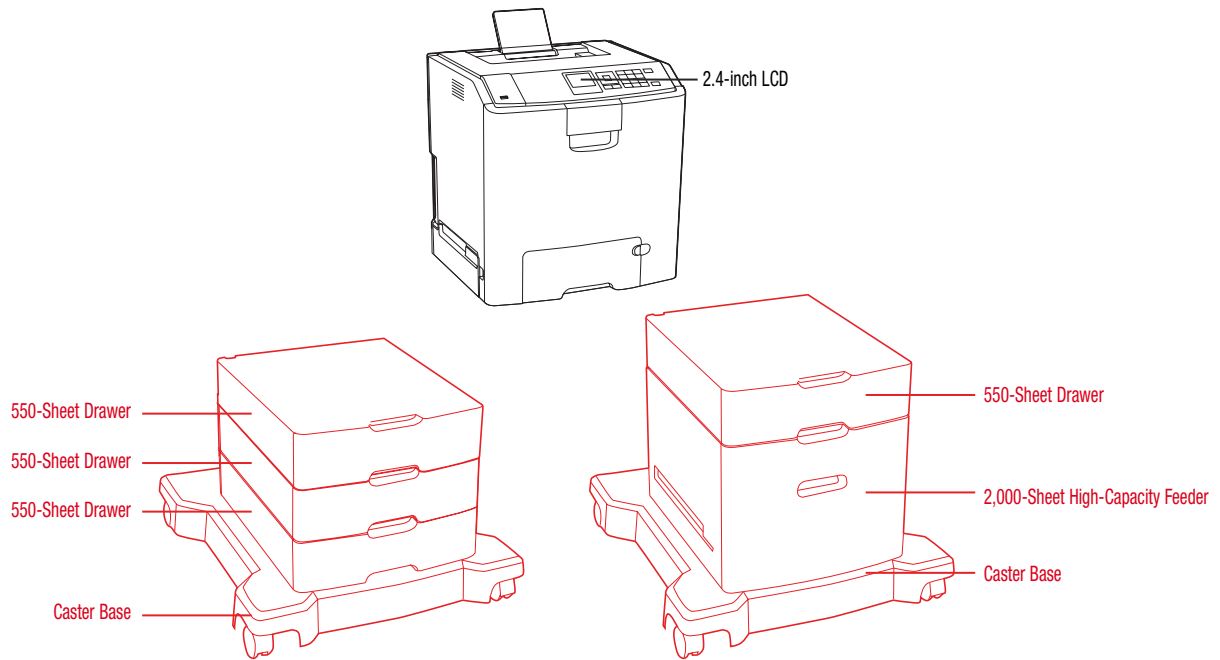

- The 2.4-inch LCD is easy to read and the color graphics make navigation and troubleshooting intuitive.
- Expand input capacity with optional paper drawers that let you load multiple paper types and boost total input capacity up to 4,300 sheets.
- Create customized messages to provide helpful information, such as helpdesk telephone numbers.
- Easily manage supplies through programmable alerts that automatically send reorder notifications.

Sustainable by design

Environmentally friendly printing and energy-saving features make it easy to print responsibly. Use fewer raw materials with features that reduce the number of pages printed and free cartridge return and recycling programs.

- Use less electricity with Hibernate Mode, which reduces energy consumption to less than one watt and meets multiple energy management standards.
- Choose from multiple print settings that help reduce energy, paper and toner consumption using custom Eco-Settings.
- Cartridges are eligible for the Lexmark Cartridge Collection Program (LCCP), which offers a variety of free, easy return options designed for your business size and printing volume. For more information visit www.lexmark.com/recycle.²
- Reduce paper consumption by up to 50% and reduce your impact on the environment with two-sided printing.

³ "Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.

⁴ "Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.
