

### PRO SERIES MONOCHROME DOCUMENT SYSTEMS

#### Unrivaled ease-of-use and high productivity.

The MX-M1055 and MX-M1205 high performance monochrome document systems are the latest additions to the Sharp Pro Series light production lineup. Built on award-winning technology, these models add advanced workflow capabilities with EFI's latest Fiery platform that helps set the bar for the ultimate in efficiency and operation. The new Fiery Print Server MX-PE11 provides in-plants and Central Reprographics Departments (CRD) with the advanced workflow capabilities they expect.

## **Key Features**

- Large, high-resolution 15.4" color touchscreen display with swing out keyboard and touch pad streamlines operation and job management.
- Triple-air paper feed units combined with the Print Engine Paper Catalog (PEPC) offer a wide range of paper types to be utilized with high precision and reliability.
- The new powerful Fiery Print Server is available for advanced workflows and high productivity.
   Command WorkStation is fully integrated with the Sharp touchscreen for unmatched control and ease-of-use.

The MX-M1055 and MX-M1205 also support Sharp OSA® technology, which makes integration with network applications and cloud services simple and easy. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to help safeguard your business's intellectual property. And when it comes time to trade in, a convenient End-of-Lease feature can erase all job data and user data.

15.4" (diagonally measured) high resolution touch-screen and swing out keyboard.

Fiery Command WorkStation fully integrated at the Sharp control panel.

Powerful MX-PE11 Fierv Server

# Designed and built for print-on-demand environments with features that exceed expectations.

- Flexible modular design provides a wide variety of configurations from basic high-speed copying and printing to professional folding and booklet making.
- Scan Preview feature offers on-the-fly page editing with easy fingertip navigation.
- 250-sheet Duplex Single Pass Feeder (DSPF) scans documents at up to 200 images per minute.
- Print Engine Paper Catalog (PEPC) stores up to 1,000 media profiles to help maintain optimum print quality.

- Up to 13,500-sheet paper capacity supports media up to 110 lb. cover stock (300 gsm).
- Available 5,000-sheet paper stackers with roll-out cards can be connected in tandem for unattended operation of up to 10,000 sheets.
- Standard high-performance print controller with included PCL®6 and true Adobe® PostScript®3™.
- True 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics.

- Triple air-feed paper handling option offers high reliability and is virtually maintenance-free.
- Standard Job Management features make it easy to print on-demand as well as view jobs, retain jobs, combine jobs, select print settings and more.
- Supports the Sharp OSA development platform, enabling businesses to easily integrate with network applications and cloud services.
- Convenient End-of-Lease feature can erase all files on the hard disk drive, all user data, job status data and address book data at trade-in time.
